

## NEW MEXICO SUMMER ENRICHMENT INTERNSHIP PROGRAM (SEIP)

SUMMER 2026

# SHAPE NEW MEXICO'S FUTURE WORKFORCE WITHOUT THE FINANCIAL BURDEN

**New Mexico's economy runs on local talent.** We make it possible for you to invest in the next generation of workers without taking on the financial risk or administrative burden. Education at Work (E@W), in partnership with the New Mexico Public Education Department (NM PED) and your local county, pueblo, or tribal government, connects you with high school interns ready to learn your industry.

**You provide the professional environment; we provide the funding and infrastructure.**

### THE PARTNERSHIP EXPLAINED:

- A clear division of roles between E@W, NMPED, and your local government exists to ensure mutual success.

### YOU PROVIDE:

- **The Mentorship:** A supportive environment for a student to learn professional norms.
- **The Opportunity:** Entry-level tasks and a "seat at the table" for a local student.
- **The Guidance:** An introduction to jobs available in your industry.

### WE PROVIDE:

- **The Funding:** 100% of student wages and payroll costs covered by state grant funding.
- **The Protection:** Full insurance and liability coverage (*E@W is the Employer of Record*).
- **The Admin:** All onboarding, compliance, and weekly timekeeping handled (*E@W and your local government*).

**EDUCATION  
WORK**

## THE PARTNERSHIP EXPLAINED

Unlike traditional programs, we don't simply place a student and walk away. Partnering with state and local leaders, our model is built for student growth.

### THE SEIP ADVANTAGE: MANAGED TALENT

- 
- **Employability Training:** Students complete professional readiness training before their start date, and this continues throughout the summer.
  - **Dedicated Oversight:** An internship coordinator conducts weekly check-ins to monitor performance and professionalism. They are your first line of support!
  - **Ongoing Development:** Interns spend time with an internship coordinator each week exploring career pathways and learning the durable skills needed for future success.

### PROGRAM SNAPSHOT: SUMMER 2026

- **Timeline:** 8 Weeks (June - July)
- **Schedule:** Up to 20 hours per week = 14 hours on the job + 6 hours skill-building provided by SEIP.

### A SIMPLE WAY TO MAKE A LASTING IMPACT

- By hosting an intern, you're helping build New Mexico's future workforce while strengthening your organization. You provide the spark. We provide the fuel.  
**Together, we build New Mexico.**

### GET INVOLVED

- Host interns. Build talent. Make an impact.
